SUMMARY

Educated to degree level with 1 years' experience in web development. This has given me skills in JS: MERN, PHP: WP_API, DB: MONGO, SQL, HTML and CSS. Currently seeking a position as a Web Developer that will utilise my skills and experience.

EXPERIENCE

Freelancer, London— *Freelance Web Developer*

April 2019 - PRESENT

- Developed and designed websites for clients. 04/2019 to Present.
- Gained the experience of adjusting the products depending on the client's needs, and also the power of dealing with clients.
- Continued maintenance of my clients' websites, gained knowledge for after-sale practices.
- List of all projects with their links on the right >>
